

## **ETS Board Elections 2023**

Two board positions of the *European Thermoelectric Society* (ETS) will be opened for election at the 18th European Conference on Thermoelectrics, to be held in Prague, September 2023.

The European Thermoelectric Society invites you to nominate your candidate(s) by email to [contact@thermoelectricity.eu](mailto:contact@thermoelectricity.eu).

containing:

- 1) Name
- 2) Address
- 3) Affiliation
- 4) Short biographies, picture, and relationship to thermoelectric
- 5) Agreement of the candidate to apply for a board position

The European Thermoelectric Society encourages the European thermoelectricians to make every effort to attract candidates from a variety of European countries, technical fields, and institutions, to best serve the Mission of the European Thermoelectric Society. Board directors are elected for a three-years term and are expected to play an active role in the European Thermoelectric Society.

The current board members are: Jan König (President) / *Germany*, Dario Narducci (Vice-President) / *Italy*, Eckhard Müller (Treasurer) / Germany, Marisol Martín-González (Secretary) / *Spain*, A. Burkov / *Russia*; Bertrand Lenoir / *France*; Emmanuel Guilmeau / *France*, Frank Gascoin / *France*, Yuri Grin / Germany, Theodora Kyratsi / *Cyprus*, Luis Fonseca (Chair ECT2022) / Spain, Jiří Hejtmánek & Čestmír Drašar (Chair ECT2023) / *Czech Republic*, Krzysztof Wojciechowski & Janusz Tobola (Chair ICT/ECT2024) / *Poland*  
The underlined members will leave the board.

The major goals (objectives) of the European Thermoelectric Society as stated in the bylaws are:

- a) To promote cooperation and the exchange of information and ideas between individuals and groups with interest in thermoelectricity;
- b) To organize conferences and training courses on the subject of thermoelectricity for members and other interested persons in Europe;
- c) To encourage collaboration in thermoelectricity in applied and fundamental research in Europe;
- d) To support and facilitate communication between industry and academics in Europe;
- e) To represent Europe in international thermoelectricity organizations.
- f) To award outstanding merits or achievements in the field of thermoelectricity.

Please don't hesitate to submit your nominations. Nominations will be accepted until **September 1<sup>st</sup>, 2023**. The election of the new ETS board members will be organized during the ECT2023 in Prague, Czech Republic. Further details will be announced at the beginning of the conference.

On behalf of the executive ETS board

Jan König
